

EXTREME ENERGY EDUCATION EVENT

STUDENT KART ALTERNATIVE FUEL RACES

MAY 14, 2011

TREASURE COAST RESEARCH PARK • 2199 South Rock Road • Fort Pierce, Florida 34945 • 772.467.3107

"When the kids meet to work on the karts, rapid fire questions start emerging - they discuss fuels, search engines for engine blueprints...this is one fantastic learning opportunity..."

Jack Clark, Northport MS XE3 Team Sponsor

Dear Business Partner:

2010 marked the first annual Extreme Energy Education Event (XE3) which offered eight middle school teams the opportunity to design and race alternative energy powered go-karts. Building on last year's success, the XE3 Planning Committee and their community partners are busy creating the **2nd Annual XE3 Alternative Fuel Kart Race** which will be held May 14, 2011 at the Treasure Coast Research Park in Ft. Pierce **AND WE NEED YOUR HELP!** We invite your organization to join us in creating innovative, hands-on learning opportunities for our local youth that may just provide the catalyst to solve our nation's energy crisis!

There are several ways you can be a part of this exciting day and since XE3 is a 501c3 organization, all donations are tax deductible. We value both financial and in-kind donations as well the gift of donated time. Please consider partnering in the following capacities:

- **Event Sponsor**
- **Associate or Business Membership**
- **Event Day Vendors**
- **Team Mentor**
- **Event Day Volunteer**

Your support is crucial! We recognize the current economic climate requires careful consideration of all expenditures; however, the XE3 Kart Race offers your organization the opportunity to invest in the future of our youth and our community. Permit us to continue to provide this valuable resource and carefully review the materials included in this packet. For more information on the Extreme Energy Education Event and view pictures from last year's event, go to www.xe3stlucie.com. For additional information on how you can participate in 2011 or make a donation, contact Ann Bowers at 772-467-3107 or admin@tcerda.org.

Respectfully,

Stef Matthes

Board Chair, XE3 Planning Committee

*The **EXTREME ENERGY EDUCATION EVENT (XE3)** Florida, Inc. is a non profit 501 (c) (3) organization whose mission is to enhance the educational success of middle school students through innovative activities that focus on renewable and sustainable energy.*
